

Handicapped and Elderly Assistance To Service Our Neighbors

Twenty-Fifth Year HEAT'S ON

Through the combined efforts of both the Greater MI MSCA and UA Local 190 Plumbers/Pipefitters/Service Technicians, the local HEAT'S ON Project completed it's 25th year, in our local area. Combined with the 15 years with our Ferris Chapter, over the past 25 years we have performed 40 HEAT'S ON Projects.

UA Local 190 Plumbers / Pipefitters / Service Technicians / Gas Distribution

These homes, thanks to the efforts of MSCA and UA Local 190, will be safe and warm

this winter. The program continues to install smoke detectors and carbon monoxide detectors for those who don't have them. If they do, we change their batteries and make sure they are in good working order. The program has a number of return clients. This year we had a number of follow-up projects that required small repairs.

It's a great relationship to build with the community.
